## EXCESS EMISSION REPORT

(as amended on June 12, 2018)

An incident of excess emissions (other than an incident of excess emissions during startup, shutdown, or cleaning) shall be reported as outlined in the Linn County Code of Ordinances Section (LCCO Sec.) 10-67. The owner or operator must make an initial excess emissions report within 8 hours of, or at the start of the first working day following the onset of the incident. The initial report shall include, at a minimum, the information in Items 1 through 6 below. An initial report is not required for a source which operates a continuous emissions monitoring system (CEMS) if the incident of excess emissions continues for less than 30 minutes and does not exceed the applicable visible emission standard by more than 10% opacity.

A written report of excess emissions shall be submitted as a follow-up to all required initial reports within 7 days of the onset of the incident and shall include, as a minimum, the information in Items 1 through 7 below.

The following form is a template to guide the owner or operator in the information required in a written submittal to satisfy LCCO Sec. 10-67.

Facility Name: \_\_\_\_\_ Facility Number: \_\_\_\_\_

**1. The identify of the equipment source operation from which the excess emission originated and the associated stack or emission point:**

--

**2. The estimated quantity of the excess emission:**

--

**3. The time and duration of the excess emissions:**

--

**4. The cause of the excess emission:**

--

**5. The steps that were taken to remedy and to prevent the recurrence of the incident of excess emission:**

--

**6. The steps that were taken to limit the excess emission:**

--

**7. If the owner claims that the excess emission was due to a malfunction, documentation to support the claim.**

--

<sup>(1)</sup> Submission of an oral report in writing will also satisfy the requirements of the written report of excess emissions pursuant to LCCO Sec. 10-67(a)(3).
